

Sta-Kon®

RA5F

Insulated fork terminal for fast and easy installation, without removing the terminal screw. UL 94 V-2 rated Polycarbonate insulation, with excellent deformation characteristics and resistance to high temperature. Colour-coded according to the wire size. Easy entry funnel design, for fast and secure insertion of the conductor.

T&B Catalog Number:

RA5F

EAN Number:

05414363115205

UPC Number:

78621055106

Description:

Fork terminal, M5 wire range 0.5 - 1.5 mm², copper, red PC - Polycarbonate insulation

Technical Information

Type	fork
Style	Fork terminal
Material	copper
Material Property	electrolytic copper for very good conductivity
Plating	tin plated
Marking	wire size and bolt size stamped on the tongue
Metal Barrel	brazed seam to prevent barrel separation
Insulation	PC - Polycarbonate
Temperature Resistance	+115°C / +125°C
Cable Insertion	easy entry funnel design
Flammability Rating	UL 94 V-2
Colour	red

Ordering Information

Wire Range (mm ²)	0.5 - 1.5
Stud Size	M5
D (mm)	4
L (mm)	22.5
L1 (mm)	18
W (mm)	9
Quantity (pieces)	100
Weight (g/100)	75.0
Tooling	ERG2000KE, ERG2001A, WT2124Y
